Strong in design and integration with intuitive problem-solving skills. Proficient in javascript, react.js, and SQL
Passionate about implementing and launching new projects.

Professional Experience

Fynsis Softlabs, Software Developer  2022 – 2023 | Bengaluru, India
As a software developer working on CRM and ERP systems, I have successfully completed projects involving frontend development for businesses and clients. These projects include designing and implementing user-friendly interfaces for CRM functionalities such as contact management, lead tracking, and customer support. Additionally, I have contributed to building frontend solutions for ERP modules like finance and Hr using javascript and frameworks like react.js and next.js .

Education

Bachelor of Engineering, BLDEA's V P Dr PG Halakatti College of Engineering & Technology 2017 – 2021 October | vijaypur, India
6.64 CGPA

79.85 %

Secondary Exam(X), ST JOSEPH'S English medium school 2014 June – 2015 July | vijaypur, India
93.45 %

Skills

- | | | | |
|------------|--------------|-----------|------------|
| • React.js | • JavaScript | • HTML | • CSS |
| • SQL | • Sass | • Next.js | • Mongo DB |

PROJECTS

ChatApp

The Chat app with React and Node.js is a real-time messaging application that allows users to communicate with each other through a web-based interface.

Next.js CRUD

web application that utilizes the Next.js framework for server-side rendering and routing, and integrates with a MongoDB database to perform Create, Read, Update, and Delete operations on data.

Admin dashboard

The Next.js and Tailwind CSS dashboard offers a sleek, user-friendly interface for data visualization and management, combining efficiency and modern design for monitoring key metrics.
